

Isle of Man Ship Registry - Department for Enterprise

Port State Control Notice

The purpose of this notice is to advise shipowners, operators, managers and Masters of Isle of Man registered ships of information in respect of Port State activities.

Whenever a Port State Control (PSC) inspection has been completed **all** PSC inspection reports should be emailed as soon as practicable to portstatecontrol@gov.im.

For general questions concerning PSC matters please email marine.survey@gov.im. This email is monitored continuously and we will endeavour to respond to you as soon as possible.

Paris MOU:

The Isle of Man has 'White List' status as of the 2017 Annual Report.

Classification Societies recognised by Isle of Man (see MSN020) have a performance level of "High".

The Paris MoU on Port State Control will launch a joint Concentrated Inspection Campaign (CIC) on MARPOL Annex VI. This inspection campaign will be held for three months, commencing from 1 September 2018 and ending 30 November 2018. A ship will be subject to one inspection under this CIC during the period of the campaign. Further information including the inspection questionnaire can be obtained from the Paris MOU website.

Tokyo MOU:

The Isle of Man has 'White List' status as of the 2017 Annual report.

In accordance with the Tokyo MOU's New Inspection Regime procedures the Isle of Man also has "Low Risk Ship" status as published on the Tokyo MOU website.

Classification Societies recognised by Isle of Man have a performance level of "High" and have also attained "Low Risk" status as published on the Tokyo MOU website.

United States Coast Guard (USCG):

The Isle of Man Ship Registry has achieved the required Flag State status for those ships wishing to enroll on the USCG's Qualship 21 and E-Zero programs subject to additional eligibility criterion being met as of the 2017 Annual Report.

The Isle of Man Ship Registry has also achieved the required Flag State status for a low target score on the USCG Security Compliance Matrix as of the 2017 Annual Report.

Classification Societies recognised by Isle of Man have a 0 point score (ie detention ratio of <0.5%) on the USCG safety compliance targeting matrix.

2018 Detentions and Deficiencies – All PSC MOU Regions

It is recommended masters and technical managers pay special attention for any defects in the inspection areas identified below. Isle of Man Surveyors conducting Flag State General Inspections will inspect the below stated inspection areas during the inspections.
