

Isle of Man Ship Registry Manx Shipping Notice

Isle of Man Endorsement Application Process

Ref. MSN 051
Issued 08 Apr 2025

This MSN must be carried on board ships with IOM issued digital endorsements in order to demonstrate the means of verification required by IMO Circular FAL.5/Circ.39/Rev.2

1. Introduction

This MSN provides information on the requirements for the application of an Isle of Man endorsement issued under the provisions of Regulation I/10 of the STCW Convention.

Isle of Man endorsements are now issued as a digitally signed electronic document (hereafter referred to as a 'digital endorsement' – please see Section 5 for more information.

2. Requirements to hold an Isle of Man Endorsement

The Isle of Man Ship Registry does not issue Certificates of Competency (CoCs), but the Ship Registry is required to issue an endorsement recognising other national CoCs. Endorsements are required for all officers sailing on Isle of Man registered vessels unless they hold a CoC issued by the United Kingdom.

Officers serving on Isle of Man registered vessels may be of any nationality or residency provided they hold a CoC issued by one of the countries recognised on the common Red Ensign Group list – see Appendix 1. We only accept yacht CoCs issued by France, Italy, Netherlands and New Zealand as stated in Appendix 1.

If a seafarer holds a United Kingdom issued Certificate of Equivalent Competency (CEC), they are required to apply for an Isle of Man endorsement.

The Ship Registry does not normally accept applications direct from individual seafarers; applications should be made through the owner/operator or one of their manning agents.

3. How to apply for an Isle of Man Endorsement

3.1 Online Application Process

Firstly you will need a user account. This can be requested by emailing seafarers@gov.im and including your name, e-mail address, invoicing details and choice of user name. Once the account is open you will be supplied with a password and user guide. The user guide includes information on how to apply for an endorsement and the format of the information to be uploaded to the system.

The URL for our online system is:

3.2 List of Required Documents

The list of documents required to be submitted in order to apply for an endorsement is provided below. These should be uploaded as a multi-page PDF file. Please note that not all

documents are required for every application as it is dependent upon the type of vessel the officer will be serving on.

- A passport quality colour photograph (Jpeg format)
- A clear specimen signature on a white background (in blue or black ink) (Jpeg format)
- A valid and legible copy of the STCW CoC and Endorsement
- A valid and legible copy of the GMDSS Certificate (Deck Officers only)
- (If applicable) a valid and legible copies of the officer's certificates relating to dangerous cargoes – Oil, Gas, Chemical as appropriate, where the dangerous cargo endorsement is not included in the Certificate of Competency
- (If applicable) other certificates/endorsements if they are issued separately to the CoC (i.e. ARPA, ECDIS, passenger ship training, 1 kV, etc.)

There is no requirement to send a medical certificate or passport.

3.3 Knowledge of IoM maritime legislation

Any seafarer who applies for an IoM endorsement should have appropriate knowledge of maritime legislation relevant to the functions they are permitted to perform. In order to fulfil this requirement the Isle of Man has published the following documents which explain areas of IoM legislation and requirements which officers on Isle of Man registered vessels should be aware of:

- Seafarers working on commercial yachts – [Commercial Yacht Master's Handbook](#)
- Seafarers working on merchant ships – [Master's Handbook](#)

4. Issue of Endorsement

The Ship Registry carries out checks on both the quality and the validity of all applications submitted. Each application, if acceptable for the issuance of an endorsement, will be acknowledged with a Confirmation of Receipt of Application (CRA). The CRA will be e-mailed directly to the company making the application who should send this on to the vessel immediately. The CRA allows the seafarer to serve for a period of 3 months without the Isle of Man endorsement being available on board.

If the application is complete and the officer is deemed suitable, an endorsement will be issued, normally within a few days of receipt of the application.

Please note the Ship Registry does not issue a separate GMDSS endorsement for deck officers.

Original versions of crew certification must be available onboard (please see Section 5 for information on how this relates to digital endorsements). Incorrect or incomplete crew documentation can result in Port State Control deficiencies or detentions.

5. Form of Endorsement

Endorsements are now issued as a [digital endorsement](#) – please see Appendix 2 for an example of the current format. In addition to the current format, there are two previous formats which remain valid until their stated expiry date – these are shown in Appendices 3 and 4.

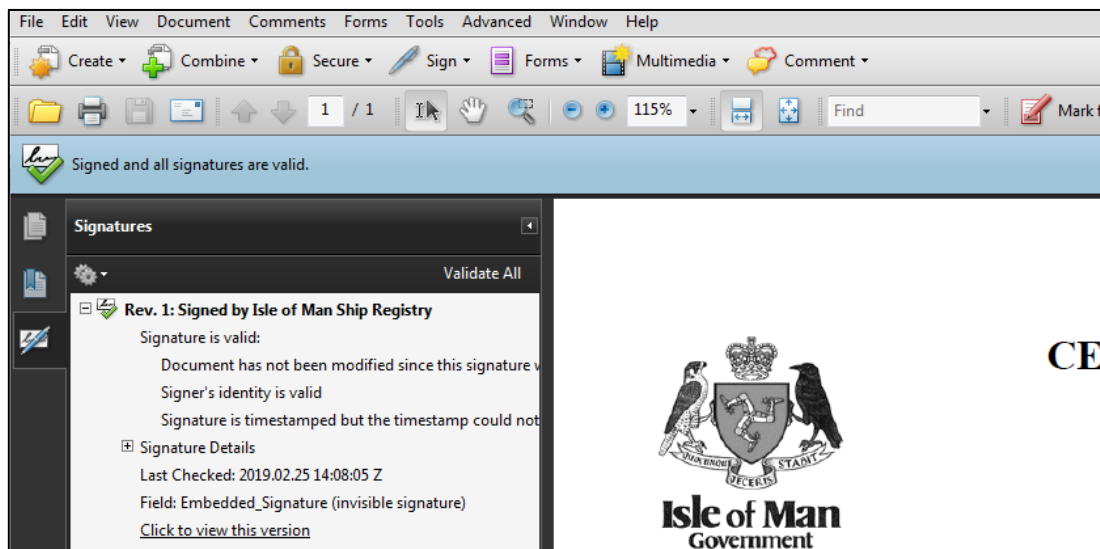

Where an endorsement is issued as a digital endorsement, the electronic version is the original version. The digital endorsement can also be printed, but it should be noted that a paper copy is uncontrolled when printed and cannot be validated by the process specified in Section 6.

There is no longer a requirement for the holder to sign the digital endorsement upon receipt since their signature will be printed onto the digital endorsement.

6. Validation

Digital endorsements can be validated by opening the PDF in Adobe Acrobat Reader or Adobe Acrobat Pro. When the file opens, a blue bar will be displayed which will confirm that the digital endorsement is complete and valid. It will appear as shown below:

This confirms that the digital endorsement is authentic and has been protected from edits, modifications or revisions other than those authorised by the Isle of Man Ship Registry.

Please note that it may be necessary to update your Approved Trust List settings on the device the digital endorsement is viewed on in order for this to work correctly – please see the following link for instructions issued by Adobe which explain how to do this: <https://helpx.adobe.com/acrobat/kb/approved-trust-list-update-dialog.html>

7. Verification

Digital endorsements can be verified in either of the following ways:

QR Code – Scan the QR Code located in the upper right hand corner of the digital endorsement with any internet connected device with a camera and a QR Code reader installed. The QR Code contains a URL which links to the Ship Registry's verification page. This will return a web page confirming the details of the endorsement which should correspond to the certificate available on board the ship.

Unique Tracking Number – Visit <https://mavis.iomshipregistry.com/> and enter the Unique Tracking Number (found at the top of the digital endorsement) and the date of issue; this will return a web page confirming the details of the digital endorsement which should correspond to the certificate available on board the ship.

8. Expiry of an Endorsement

An Isle of Man endorsement expires on the same date the CoC it is endorsing expires, is withdrawn, suspended or cancelled by the issuing Administration. The maximum validity of an endorsement is 5 years.

9. Express Processing Service

For an additional fee, the Ship Registry offers an express endorsement processing service for any urgent endorsement applications.

10. Fees and Charges

Fees and charges for Isle of Man registered vessels are set by Regulations and the current Merchant Shipping (Fees) Regulations are available on the Ship Registry website.

Please note - The Isle of Man Ship Registry cannot give Legal Advice. Where this document provides guidance on the law, it should not be regarded as definitive. The way the law applies to any particular case can vary according to circumstances - for example, from vessel to vessel. You should consider seeking independent legal advice if you are unsure of your own legal position.
